Town Council Analysis and Findings:

The following factors for reviewing amendments are found in Section 19A.3 of the Town of Perdido Beach Land Use and Zoning Ordinance.

(a) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

Yes, all but one “OR” (Outdoor Recreation) designated property in Town does not meet the “OR” size requirements. The proposed requests are for clarification and correction of some discrepancies between the definitions and table of permitted uses. The requests at hand are not tied to a specific piece of property.

(b) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions in the near vicinity affected by the proposed action changed since the zoning was established or last amended?

“No”, explained in (a).

(c) Does the proposed zoning improve conformity of land use to the Town's Master Plan?

Not applicable. This is not a rezoning.

(d) Will the proposed change conflict with existing or planned public improvements?

Not applicable.

(e) Will the proposed change adversely affect traffic patterns or congestion?
Not applicable.

(f) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

Not applicable.

(g) Is the proposed amendment the logical expansion of adjacent zoning districts?

Not applicable.

(h) Is the timing of the request appropriate given the development trends in the area?

Not applicable.

(i) Will the proposed change adversely impact the environmental conditions of the vicinity or the desirable historic resources or nature of the Town?

Not applicable.
