Dear Mayor Parker:

I want to express my support of the Town of Perdido Beach's project: Town of Perdido Beach Stormwater Management Plan and the application for ACAMP §306 funding. In my capacity as Natural Resource Planner at Weeks Bay Reserve, I provided technical assistance and meeting facilitation to the Sustainable Communities efforts in the Town. Progress was made towards helping the Town identify and address sustainability challenges. Managing stormwater was identified as one of the challenges. A comprehensive stormwater management plan described in this proposal will help meet the challenges faced by the Town and will build on past successes. I commit to providing technical assistance and meeting facilitation as indicated in the proposal.

I look forward to working with the Town and you if this proposal is funded. Please contact me if you need any additional information regarding this letter.

Sincerely,

Mike Shelton
Natural Resources Planner
