Mayor's Midyear Financial Report

Town Council Meeting

April 11, 2019

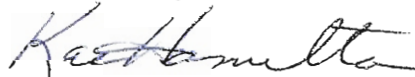

Expenses and Income are better than budget projections as of March 31, 2019. Income is \$10,575.89 better than Budget projections at this time. This is due mainly to better than expected revenue from our two newest income streams, Lodging Tax and Simple sell tax, along with increased State sales taxes and Business License increase for the first 6 months of the fiscal year. Expenses are \$30,194.24 below Budget projections for the first 6 months. The majority of this is attributed to Public Works expenses being lower than budgeted and savings realized from shorter hours at the Town Hall. With the income being slightly above and spending well below budget predictions for the first 6 months, we are left with a slightly better position than budgeted. As construction continues to boom in this area, there will be increased demands on infrastructure, Public Works, our storm water drainage system, and public access areas. This will require continued careful budgeting for the future.

The General Fund had \$282,179.92 in it as of 3/31/2019. The Special BP account has \$118,702.78 left in it, which represents the money remaining to be spent on the State Street project. The Special BP checking account had \$24,426.34 remaining as of 3/31/2018. The 4&5 cent gas tax account has \$2217.38. The 7 cent has \$2541.78, and the Capital Improvement Fund has \$3399.37.

At this time the administration feels the town is on sound footing financially and with proper management of the town's funds, it will remain so for the last half of the year.

Budget and Finance Meeting Report
Town Council Meeting
April 9, 2019

- The Committee met April 9, 2019 and is continuing to review the various financial reports to ensure expenditures are in line with the budget and the bank accounts for accuracy. Income and expenses seem to be in line with the Budget for the month of March with income being \$3768.60 greater than expenses due to better than predicted results from Business Licenses, sales taxes and lodging tax for the month of March. Again this will even out as the months pass and budgeted items are realized, especially in the area of Public Works.
 - The General Fund had \$282,179.92 in it as of 03/31/2019. This number is like your checking account and varies daily. Income is ahead of the budget projection for the first 6 months of this fiscal year. Expenses are well below the Budget but will even out over time as Public Works projects are completed. We have to always remain mindful of Budget constraints when considering new projects.
 - The special BP account has \$118,702.78 left in it which represents the money remaining to be spent on the State Street Park. The special BP checking account has \$24,426.34 remaining in it as of 02/28/19. See attached sheet for Capital improvement and Gas tax account balances.
 - Our finances appear to be good at this time. Again income is above projected Budget and expenses are below Budget projections currently.
