Incremental Fuel Tax Increase

- State gasoline and diesel tax will be increased by 6 cents per gallon on October 1, 2019, 2 cents per gallon on October 1, 2020, and 2 cents per gallon on October 1, 2021.
 - Once fully implemented, the total 10 cent per gallon gas tax increase will only cost the average driver \$4.58 a month (A cup of coffee).

 - Index will begin on June 1, 2023 and only every other year after that (2025, 2027, 2029, etc.).
 - Indexing factor: the annual percentage change in the NHCCI.
 - Regardless of growth in NHCCI, the gas tax cannot increase more than 1 cent per gallon at a time.

Electric Vehicle Fees

- Electric vehicles (EVs) will now pay an annual registration fee. Battery electric vehicles (BEVs) will pay \$200, and plug-in hybrid vehicles (PHEVs) will pay \$100.
- Revenue collected for EVs will be distributed through the Rebuild Alabama Fund for use in the construction and maintenance of a modern-day public road and highway system.
